

Bike Storage at the University of Worcester

- There are locations throughout the University where you can store your bicycle. The vast majority are Sheffield type hoops and many are located under cover.
- There is also secure bicycle storage located at St John's Campus and City Campus.
- If you would like to use the secure bicycle storage you will need to go to Security (located behind St John's Reception) with your student ID card. A member of the Security Team will be able to update your access card to enable you to use the facility.
- **Important information:** if you are residing within University Halls, your bicycle is not covered by the University content insurance policy. You will need to make your own arrangements to have suitable insurance cover.
