“One of the best choices I've made was getting a room in Halls. I love living right on campus. Everything is really close by – not just my classes, but the great friends I've made here too. And living with fellow students is one of the best parts of Worcester life for me. There's lots of support and choice available to help find the right safe, secure accommodation for your needs and budget. Plus we get free internet access and gym membership too.”

“Living on campus, in such a [safe, friendly and supportive](#) environment, really helped me to learn how to live on my own, step by step. It was a nice transition from getting help from my parents for many things to sorting out everything by myself.”

“The fact that Halls of Residence were all within a [very short walking distance of the University itself](#) made a huge difference. I loved the fact that if I wanted to get up at 8.30am for my 9.15am lecture I could, and still grab breakfast on the way (not that I’d recommend doing that regularly of course!)”

"Moving into Halls was an exciting moment, the start of my university adventure. **It was the first time I'd lived away from home**; I couldn't wait to enjoy my new independence. Although it was a rather nervous moment walking into a flat with five strangers I would spend the next year with, I have made a lot of good memories here."
